**LUNATION FALL** (Lyon, FR)

Shoegaze / Dreampop

Lunation Fall was formed in late 2017 in Lyon due to the meeting of singers-guitarists Celia and Thibaud who started shaping the first notes of the band. In January 2018, they were joined by Ludo, former guitarist in the post-punk band After Track, who took the bass in Lunation Fall. His presence reinforced the formation's identity.

After writing the first tracks, their first drummer had to leave the region. They then meet Julien at a Motorama gig the following October. Previously the drummer for the stoner rock band Stone The Crow, his powerful drumming helped the band shape the wall of sound they were looking for.

Following the first concerts in their city and two demos, they joined the **Stellar Frequencies** label in early 2020. In their rehearsal room on the slopes of the Croix Rousse, they write, compose and play. In the same year's Autumn, their debut album, *Near*, released in 2021.

The band music emphasises the contrast between heavy sound, full of distortion and fuzz, and sensitivity and delicacy of dreampop melodies. In their songs, served by soft and complementary voices, they use spatial metaphors to express their vision of love and time.

A travers nos sessions nous souhaitons mettre en avant des groupes et des lieux qui ont une histoire à raconter. En réaménageant l'espace et en le mettant en scène nous souhaitons le sortir de son contexte et l'investir en proposant une performance live en son sein. Les sessions Stellar sont aussi un projet transmédia, mêlant les supports et les techniques; photographiques, audio, cassettes, vinyles, impressions, textes. Le collectif abrite des artistes qui expérimentent en s'appropriant le projet pour nous en proposer leur vision et le faire vivre.

Dans cette session **Lunation Fall** performs an introduction, "*Precious Time*" and "*Mydrisis*" at **Aux Fleurs** store in Lyon, France.

Release date : 21th of october 2021

The session will be available on Youtube, Bandcamp and the streaming platforms.

For this special occasion we will made a really limited series of Lathe Cut vinyls with handpainted marbles. The vinyls will be available to pre-order during the Premiere.
